Remarks

Tired of looking for the perfect house but everytime you think you found it there is always something that needs to be fixed or changed. Well look no further. This house has been completely updated and is an absolute cream puff! From the minute you pull in on the brand new driveway that leads to the side entry garage, you will see the care that has been put into this home. The list of what's new is extensive but here are the highlights - New Roof, gutters, insulation, interior and exterior paint, impact windows and doors, solid wood interior doors, HVAC (2020) including all new duct work, house replumbed, new electrical panel, remodeled bathrooms, complete new kitchen with gorgeous granite counters, all new light fixtures, new hot water heater, LVP flooring throughout, irrigation system and more. This is a must see home. These caring owners didn't just make it look pretty. You will have peace of mind owning this home. And did I mention the two living areas and the 36ft lanai with new screens and roof that you will be doing your relaxing on while enjoying the view of the canal. This is truly the Florida lifestyle. See this one before it's gone!
